

SWOP GOVERNOR VISIT FORM

DATE OF VISIT: 16th of December 2015

NAME OF GOVERNOR: Noreen de Bie

FOCUS FOR VISIT: Carol Service December 2015

This service told the story of the nativity through song, dance and storytelling. It was a beautiful performance enjoyed greatly by all those who attended. The children's reverence in the church was outstanding also, all credit to the teaching staff for achieving this despite the nerves and excitement going on.

I was amazed at the number of parents, friends and family who turned out for this event, there were people standing at the back of the church as there weren't any seats left.

This performance not only portrayed the willingness of the children to participate in front of a huge crowd but also indicated the extreme hard work involved to achieve such a high standard whilst continuing busy classroom schedules.

The teacher/conductor has an amazing capacity to get the very best singing from boys and girls aged 7 to 11, this is truly a tribute to her ability and her awareness of the children's abilities.

Huge thanks to all involved and to the headteacher for allowing the time for this very important creative activity in school time.

WHAT WILL YOU BE REPORTING BACK AT GOVERNOR'S MEETING:

The children were amazing, but a massive thanks to all the staff involved,

producing such a splendid performance for the all of the visitors to enjoy this Christmas.
