

SWOP GOVERNOR VISIT FORM

DATE OF VISIT: 4th of December 2015

NAME OF GOVERNOR: Noreen de Bie

FOCUS FOR VISIT: Year 3 assembly

The children all participated for their assembly with the focus of peace at advent, they were very well behaved and showed great reverence throughout the assembly.

Peace, joy, love and sharing were highlighted and the children were able to communicate their thoughts and ideas with the use of singing, words, pictures and poetry, they talked about Christmas being a time for presents and Santa, but they also spoke about Christmas being Jesus' birthday.

The children appeared very involved and were proud of their individual contributions and it is lovely to see the confidence growing within the children as they move through the school.

There were a lot of parents there, who were greeted by the children as they entered the school.

WHAT WILL YOU BE REPORTING BACK AT GOVERNOR'S MEETING:

I am always very pleased to see that the school continues to spend quality time on these special occasions, they embody the ethos of the school mission statement, which is to develop the children to be all round learners and learners for life. I feel these assemblies empower the children to speak in public, what a great gift. THANK YOU TO ALL THOSE INVOLVED.
