

# Home Learning Challenges

## Home Learning Challenges:

Every two weeks you will be set some home learning challenges! These are to be completed within this book and handed in on the date shown below. We love to hear, look and read about all of the learning you are enjoying at home!

## Maths Challenge:

This week we have been learning about height.

Write or draw a list of objects that are taller and shorter than you.

Measure the height of 5 objects in your home. *How many pencils tall is your bed? How many tin cans tall is your sink?*

You can be as inventive as you like!

Practise writing your tricky words independently!  
Tricky words of the week:

the  
a  
to

Please include any other learning you have done at home e.g. baking, riding your bike and reading signs in the environment. Include photos and things your children have said!

Please keep practising writing your letters using the letter formation rhymes found in your sound folder!

Reading Journal:  
Draw and label a picture of the main character from your favourite book.

Due in: Friday 2<sup>nd</sup> February 2018
