

# Let's CHAT

*Children, Home and Teachers  
Our First PE Lesson...*

This week St John's Class read the story of Dear Greenpeace. We thought carefully about if we thought there really was a whale in a pond and why. In maths we continue to develop our subitising skills and are getting quicker and quicker at recognising different amounts. In RE we begin our focus of 'Getting to Know Jesus'. This week we acted out a story that showed us how Jesus taught everyone to love children, just as he did. We also had our very first PE lesson. I was really impressed with our independent St John's class as they are becoming so good at getting changed, remember to keep practising at home!
